## PROFESSIONAL PROFILE

Passionate and creative web developer with experience in building applications and websites focused on client needs. I specialize in frontend and backend development using **HTML, CSS, JavaScript, React, Node.js, Express, and MongoDB**. Additionally, I have knowledge of Java and a strong focus on **problem-solving**. Currently, I am working on personal projects to strengthen my web development and **self-learning** skills while seeking a dynamic team where I can continue learning and contribute to the success of innovative tech projects. I have strong skills in **teamwork, effective communication, adaptability, and creativity**, allowing me to deliver optimal and collaborative solutions.
